

Howie Hao Wang

About Me

A **web designer / developer** with a background in architecture. **AWS certified.**

My professional experience started at We-Work. I was fascinated by how a data-driven approach is implemented in the design. Later at SOM, I worked on [an interior project involving VR](#).

[My diverse background prepares me with both design and development skills:](#) A keen eye for design; professional experience using design tools; solving real-world problems through design thinking, research and analytical skills.

[*watch a portfolio presentation.](#)

Education

University of Virginia

Aug. 2015 - Dec. 2017 | Charlottesville, VA

- Master of Architecture, Scholarship
- GPA: 3.61, GRE: 319 *Full score in Math.

University of Mining and Technology

Sep. 2010 - Jul. 2015 | Xuzhou, China

- Bachelor of Architecture, Full Scholarship
- GPA: 3.89, Rank: 2/86

Software Engineering Student

Mar. 2021 - Current | at Udemy & freeCodeCamp.org

HTML, CSS, JavaScript, React, Redux, NodeJS, Express, Python, PostgreSQL, MongoDB, Flask, Jest

- Self-curated software engineering course totaling over 600 hours in length
- Built numerous projects from scratch using web development technologies
- Actively worked in online communities to learn workflow and achieve goals.
- Worked with Data Structure & Algorithm
- [Completed courses list and earned certification](#)

Skills

Frontend

React, Redux, JavaScript (ES6), TypeScript, Bootstrap, HTML, CSS

Backend

NodeJS, Express, PostgreSQL, Flask

Tools & Platforms

Git, Netlify, Heroku, Vercel, Wordpress, Firebase, MongoDB

Design

Adobe Creative Suite (Photoshop, InDesign, Illustrator), Figma, Adobe XD

Other

Git, GitHub, Unit testing, Agile, Next, Python, Data Structure & Algorithm, Video Edit, Bilingual in Chinese and English

Projects

Full Stack Developer at [Snap App](#), Nov. - Dec. 2021

React, NodeJS, Express, MongoDB, Responsive Design

- Designed and developed Snap App, a photo-sharing platform for people who love architecture. [Product Video Demo](#)
- Wrote frontend *React and backend *NodeJS; Set up database *MongoDB for snaps and users. [GitHub Source Code](#)
- Fixed bugs in React to improve UX/UI. Tested sites in various browsers and devices to ensure cross-browser compatibility and mobile responsiveness.
- Inspired by real-life experience as an architectural designer. [Read the Full Story](#)

Full Stack Developer at [Lunch Break](#), Jan. - Feb. 2022

NextJS, React, NodeJS, Express, MongoDB, Vercel, Responsive Design

- An MVP blog site cares about work-life balance focusing on design, psychology and community. It derived from my own WeChat Official Account. Users can make comments and interact with authors.
- The first article has reached 826 reads. Over 20,000 words have been published since launching. [Read why and how I built Lunch Break.](#)
- Designed, developed and shipped interactive web application using Vercel. [GitHub Source Code](#)

Product Designer at [Museum App](#) *NMAAHC, Oct. 2019 - Jan. 2020

AdobeXD, FlowMapp, Photoshop, Illustrator, Indesign

- A mobile app design for a museum. The goal is to enhance the visiting experience.
- Personal product project contains the whole process including UX research, UI Design, Prototype, Testing and Design Package.
- Collaborate closely with the community from different backgrounds including student designers, marketing team, and techies.

[Howiework](#) | Built with React; Hosted by [GitHub](#) page

React, Markdown, Responsive Design, Accessibility

- I completely redesign and rebuild my portfolio website using React. It is a major update from the [previous design version](#) for my aspiring dev career.

Experience

Web Developer | Graphic Design Specialist at UVA Cancer Center

Feb. 2023 — Present | Full-time, Remote, Charlottesville, VA

- aka. Multimedia Creative Professional II, transitioning from Web Developer

Web Developer at 3Advance

Dec. 2022 — Jun. 2023 | Contract, Washington DC

- Worked on web development project - Boaturu & AARP

Designer / Developer

Mar. 2020 — Nov. 2022 | Freelance, Washington DC

- Worked with clients from different backgrounds to ensure requirements were met; Help clients rebrand; Build CMS sites. Worked on projects: Snap App, LunchBreak, and NMAAHC.

Web Developer at BGRM

Apr. 2022 — July. 2022 | Contract, Remote

- Work with web team to develop and enhance websites with complex integrations, APIs, animations, and functionality.

Web Developer at Sunwater Institute

Mar. 2022 — Apr. 2022 | Contract, Bethesda, MD

- Worked on an Institute Platform product; Helped team migrate source code;
- Coordinated with an overseas team and worked closely with local design & research teams.

Product Designer / Developer at Miao, LLC

Jul. 2019 — Mar. 2020 | Contract, Remote
